Head of School: Wayne Alexander

Parent/Carer Governor required to be Member of The Bridge School Governing Body (The Management Committee)

The school is currently seeking a Parent or Carer to become a member of the school governing body. This is a really important role for the us in the school and for the community. We need someone who can represent and communicate the needs of families on our governing board, contribute to decisions on how the school should function and make provision for children, and help fulfil the governance processes and duties of the school.

You will take part in a minimum of six meetings a year (once per half-term). Three of these will focus on school provision, three will focus on finance and staffing. You will also oversee a specific area of responsibility that fits with your skills and experience.

There are other people who sit on the governing body who are from different sectors that support us, from business, finance, the council, and education. You are an equal member within this team but bring your own valuable and unique perspective of being a parent/carer in our local community.

This is not a paid position, but it is one of high value and hopefully reward. All schools are important, but The Bridge School serves the whole of Halton and looks after some of the borough's most vulnerable children. You will contribute to life changing provision both in the immediate moment and as our children enter adulthood and reflect on the support they had and the learning they did.

If this type of voluntary role interests you and motivates you, if you feel you have something to contribute, and if you want to make a change, please get in touch with Nigel Hunt (Executive Headteacher) through the email admin@thebridge.halton.sch.uk, who will explain the role further and answer any questions that you have.
